

## **REMARKS**

This Amendment is responsive to the Office Action identified above, and is further responsive in any other manner indicated below.

## **OFFICE ACTION DEFECT**

Although Claim 19 is indicated on the Office Action Summary at Item 7 as being “objected to,” in the Detailed Action, Claim 19 is fully rejected under 35 USC §102 and is not held allowable if amended to overcome any objections thereto.

## **TITLE AMENDED**

The title of the application was objected to at the second Item 1. (“Specification”) on page 2 of the Office Action, *i.e.*, for not being descriptive. The title has been amended herein to adopt the title suggested by the Examiner in the Office Action, and therefore, reconsideration and withdrawal of the objection are respectfully requested. Applicant and the undersigned thank the Examiner for the additional consideration of this application in suggesting an acceptable title.

## **OBJECTION OBLIVIATED VIA CLAIM CANCELLATION**

Claim 19 was objected to as being indefinite for the concerns listed at Item 2 on page 2 of the Detailed Action. Unrelated to any prior art, scope or rejection, Claim 19 has been cancelled (without prejudice or disclaimer). As the foregoing is believed to render the objection obsolete, reconsideration and withdrawal of the objection are respectfully requested.
